THE PRESIDENT ANSWERS BRYAN

**Names Taft as His Political
Heir and Successor.**

"OUR POLICIES ARE ALIKE"

Roosevelt, in Letter to Conrad Kohrs, a Cattleman of Helena, Mont., Asserts That Wage-Earner and Capitalist Alike Would Be Safe Under Taft as President—Upholds Latter's Action in Labor Injunction Cases.

Oyster Bay, N. Y., Sept. 14.—President Roosevelt made public today a letter sent to Conrad Kohrs of Helena, Mont., an old time cattleman and a leading citizen of the state, in which he states why laboring men and capitalists alike should vote for the election of William H. Taft for president. Mr. Roosevelt wrote the letter as a reply to Mr. Bryan's recent statement that he alone was the true heir to Mr. Roosevelt politically and was his natural successor to the presidency. The president's friendship for Mr. Kohrs, a pioneer citizen of the Northern Rocky mountain region, dates from twenty years ago, when both men were members of the Montana Stock Growers' association. Mr. Roosevelt's letter in part is as follows:

The last few years have seen a great awakening of the public conscience and the growth of a stern determination to do away with corruption and unfair dealing, political, economic, social. It is urgently necessary that this great reform movement should go on. But no reform movement is healthy if it is marked by periods of frenzied advance, followed, as such periods of frenzied advance must always be followed, by equally violent periods of reaction. The true friend of reform is the man who steadily perseveres in righting wrongs, in warring against abuses, but whose character and training are such that he never promises what he cannot perform, that he always a little more than makes good what he does promise, and that, while steadily advancing, he never is led into foolish excesses.

In Mr. Taft we have a man who combines all of those qualities to a degree which no other man in our public life since the Civil war has surpassed. To a flaming hatred of injustice, to a hearty sympathy with the oppressed, he unites courage, both moral and physical, of the very highest type and a kindly generosity which makes him feel that his fellow countrymen are his friends and brothers.

Business Man and Laborer Safe.

The honest man of means, the honest and law abiding business man, can feel safe in his hands. The honest wageworker, the honest laboring man, the honest farmer, the honest mechanic or small trader or man of small means, can feel that in a peculiar sense Mr. Taft will be his representative because of the very fact that he has the same scorn for the demagogue that he has for the corruptionist and that he would front threats of personal violence from a mob with the unquailing and lofty indifference with which he would front the bitter anger of the wealthiest corporations.

Mr. Taft and I have the same views as to what is demanded by the national interest and honor. There is no fight for decency and fair dealing which I have waged in which I have not had his heartiest and most effective sympathy and support and the policies for which I stand are his policies as much as mine.

Let Mr. Taft be judged by what he has himself done and by what the administration, in which he has played so conspicuous a part, has done.

Mr. Taft can be trusted to exact justice from the railroads for the very reason that he can be trusted to do justice to the railroads.

While in all proper ways railroad rates must be kept low we must always remember that we have no right and no justification to reduce them when the result is the reduction of the wages of the great army of railroad men. The man who promises to raise the wages of railroad employees to the highest point and at the same time to reduce rates to the lowest point is promising what neither he nor any one else can perform and if the effort to perform it were attempted disaster would result to both shipper and wageworker and ruin to business interests. The man to trust in such a matter as this is the man who, like Judge Taft, does not promise too much, but who could not be swayed from the path of duty. He will not favor a ruinous experiment like government ownership of railroads.

Applies to All Trusts.

What is said as to his attitude on the railway question applies to the

whole question of the trusts.

If there is one body of men more than another whose support I feel I have a right to challenge on behalf of Secretary Taft it is the wageworkers of the country. A fairer and truer representative they cannot find within the borders of the United States. He will do everything in his power for them except to do that which is wrong.

Mr. Taft has been attacked because of the injunctions he delivered while on the bench. I am content to rest his case on these very injunctions. Most assuredly he never has yielded and never will yield to threat or pressure of any sort, as little if it comes from labor as if it comes from capital.

His record as a judge makes the whole country his debtor.

As for the attack upon his injunctions in labor disputes I ask that the injunctions be carefully examined. I ask that every responsible and fair minded member of a labor organization read these injunctions for himself. If he will do so he will heartily approve of them and will recognize this further astonishing fact that the principles laid down by Judge Taft which laboring people are asked to condemn are the very principles now embodied in the laws of every responsible labor organization. They mark the judge who rendered them as standing for the rights of the whole people. As far as daylight is from darkness so far is such a judge from the time server, the truckler to the mob or the cringing tool of great, corrupt and corrupting corporations.

Let all fair minded men, wageworkers and capitalists alike, consider yet another fact. In one of his decisions Judge Taft upheld in the strongest fashion and for the first time gave full vitality to the principle of the employers' liability for injuries done workmen. This was before any national law on the subject was enacted.

On the bench Judge Taft showed the two qualities which make a great judge—wisdom and moral courage. They are also the two qualities which make a great president.

**IF DESIRES OF JUDGE
TAFT ARE OBSERVED**

**His First Campaigning Tour
Will Begin Sept. 23.**

Cincinnati, Sept. 14.—William H. Taft's first campaigning tour will begin Wednesday, Sept. 23, if the candidate's present desires in the matter are observed. Mr. Taft indicated that he would much like to talk with National Chairman Hitchcock, after Mr. Hitchcock has conferred in Chicago with Senator Dixon and the Western managers concerning the proposed itinerary. Mr. Hitchcock will doubtless be asked to come by Cincinnati on his return East.

The arrangements to have the National League of Republican clubs hold a rally in Cincinnati Sept. 22, was made known to Judge Taft by Mr. Vorys by wire. The chief of staff reached his home in Lancaster Saturday night. He will go to Columbus and then return here.

After the meeting of Sept. 22, it is regarded as not unlikely that Mr. Taft will accept the invitation he has received from the Kentucky Bankers' association and address them at Lexington on Sept. 23. Mr. Taft has expressed a desire to speak in Tennessee, and it is pointed out here that he could extend the Kentucky trip to Nashville and Chattanooga, and from there go to St. Louis and Kansas City, and then into the other Middle Western states.

Judge and Mrs. Taft attended Christ church and listened to services conducted by Rev. Dr. Knowlton, pastor. The remainder of the day was spent by the candidate at the home of his brother, Charles P. Taft.

Fatal Quarrel Over Unionism.

Marshalltown, Ia., Sept. 14.—During an altercation over the merits of unionism, Edward Henry, a union carpenter, thirty-seven years old, is alleged to have struck Matthew Skele, a plumber, as a result of which Skele died a few hours afterward. Skele's skull was fractured from a point over the right eye to the base. He never regained consciousness.

Fearful Hydrophobia; Took Acid.

Springfield, Ill., Sept. 14.—Fred Peterson, forty-five years old, who was bitten by a mad squirrel last week, died of carbolic acid poisoning. Fearing hydrophobia, he is supposed to have swallowed the acid with suicidal intent.

FOREST FIRES NOT A MENACE

**Absence of Wind Brings Quiet
to Mesaba Range.**

MOISTURE IS BADLY NEEDED

**Promise of Rain Brings Hope to the
Weary People of Northern Minnesota,
Who Have Been Fighting the
Flames Continuously for Two Weeks.**

**Much Valuable Timber Still in Danger
of Destruction.**

Duluth, Sept. 14.—Clouds and an absence of wind gave the Mesaba range a day of quiet and the forest fires ceased to be a menace in every locality. No rain has fallen and the situation will be serious until moisture puts an end to the smoldering fires and makes the forests of Northern Minnesota less like tinder.

Grand Marais on the north shore of Lake Superior is considered safe from further invasion by the flames, owing to the bare fires around the little town. The woods for nearly 100 miles along the north shore are ablaze and millions of feet of standing timber are still in danger.

Under orders from General C. G. Andrews, state fire warden, Chief John T. Black of the local fire department sent forty men to the scene of the worst forest fire about Grand Marais on board the Booth line steamer America.

These men were hired for the purpose of fighting the fire and were placed under the direction of Captain Wilson of the local fire department. They will remain in the fire region fighting back the flames and protecting as much valuable timber lands as possible.

At Grand Rapids and Cohasset, which were the center of the fire activity on the Mesaba range Saturday, no more fires are reported.

The United States weather bureau reports from Washington promise rain for the Northern and Central portion of the United States before the close of the present week. This brings a ray of hope to the inhabitants of the North country, who have been fighting the terrible fire demon so continuously for the past two weeks.

Abundant Rains Predicted.

Washington, Sept. 14.—The weather bureau has issued a special forecast, as follows: The first well defined disturbance of the present season is approaching the North Pacific coast and a West Indian storm is advancing toward our Southeastern coast. This combination should produce abundant rains in the drought-stricken districts of the North Central states before the close of the present week.

ST. PAUL MAN A SNICIDE.

**Runs Down the Street With His Throat
Cut From Ear to Ear.**

St. Paul, Sept. 14.—Running through the streets with his throat cut from ear to ear, Joseph Klein terrorized people in the vicinity of St. Peter and Exchange streets. Men, women and children scattered in all directions as the blood-covered man, crazed with pain, dashed across Exchange street and tried to force his way into a saloon on the opposite side of the street.

The saloonkeeper and his family saw the man approaching and barred the door against him. Klein then turned in the direction of St. Joseph's hospital, staggered through the main entrance and fell unconscious on the floor.

He was taken to the operating table and his wound sewed up, but he died within an hour. He was janitor of a school and despondency over loss of his position is thought to have prompted his suicide.

Hitchcock Goes to Chicago.

New York, Sept. 14.—Chairman Frank Hitchcock of the Republican national committee has left New York for Chicago, where he will spend two days at Western headquarters. It is likely that while returning to Eastern headquarters he will stop in Cincinnati for a conference with Mr. Taft. The speaking itinerary of Mr. Taft will be arranged by Chairman Hitchcock this week and will be announced from Cincinnati.

Negro Hanged by a Mob.

Brookshire, Tex., Sept. 14.—Dave Newton, a negro, charged with being implicated in the murder of John Buchtrn, a white man, who was shot and killed at his home near here Saturday, was taken from jail by a mob and hanged. Intense excitement prevails here, and all idle negroes have received instructions to leave the community.

IN SPITE OF OPPOSITION.

**Likely That Governor Hughes Will Be
Renominated.**

Saratoga, N. Y., Sept. 14.—Fighting desperately over every inch of ground to prevent the renomination of Governor Hughes by the Republican state convention, the anti-Hughes leaders professed confidence in the success of their efforts, but there has been a distinct diminution in assurance. Veteran politicians, some of them bitterly opposed to the governor, others committed to his support, declared their belief that he will be nominated in spite of all efforts to prevent it.

The main difficulty with which the anti-Hughes leaders had to contend was that of finding a man of adequate political size upon whom the opposition could unite. Secretary of State Root, who will preside over the convention, was hardly on the ground before gossip was busy with his name. At first reticent, Mr. Root finally made it clear that he must not be considered. The name of Joseph H. Choate was the subject of some mention, but hardly gained prominence. Finally the gossip narrowed down upon Former Ambassador Horace Porter, and now his is the name most frequently mentioned.

**DISAPPROVES OF
SUNDAY SPEECHES**

**W. J. Bryan Refuses to Talk
to Crowd in Maryland.**

Deer Park, Md., Sept. 14.—William Jennings Bryan put his stamp of disapproval on Sunday political speech-making when, without his knowledge the residents around Mountain Park were notified to assemble there to hear him talk. Over 1,200 of them gathered while Mr. Bryan at Deer Park was protesting to a local committee that he would make no speech. He finally prevailed upon to take the three-mile drive and shake hands with those at the assemblage, with the understanding that he should not speak and there should be no hand-clapping. The people gave every evidence of their pleasure at meeting the Democratic candidate for president, even though they were disappointed on not hearing him and as he departed they violated their pledge and applauded him liberally.

The day was one of absolute quiet and rest with the exception of the short journey to Mountain Park and in consequence Mr. Bryan prepared himself for the strenuous week ahead of him. He left here for Baltimore.

FAVOR CHANLER.

New York State Democrats May Nominate Him for Governor.

Rochester, N. Y., Sept. 14.—With the arrival in the city of a host of upstate delegates to the Democratic state convention, the candidacy of Lieutenant Governor Lewis Stuyvesant Chanler for the gubernatorial nomination took a decided upward turn.

Chairman William J. Conners of the state committee announced that he talked with 125 delegates to the convention and that 99 per cent of them had favored Mr. Chanler. Senator Patrick H. McCarren of Brooklyn arrived here and at once called upon Chairman Conners. A conference of more than an hour's duration followed. Senator McCarren said after the conference that he still favored the nomination of Mayor N. A. Adams of Buffalo, though Mr. Conners had persistently spoken of the strength of Mr. Chanler.

Bad Fire at St. Paul.

St. Paul, Sept. 14.—Fire which broke out in the wood turning plant of the Gribben Lumber company, Seventh and Earl streets, caused a loss estimated at about \$95,000. The property destroyed was the entire plant of the Gribben Lumber company, together with some lumber, and a number of large tenement houses, and the office of the Herzog Iron company, a new structure. Lieutenant Maloney of Engine House No. 7 was overcome by the heat, but soon recovered.

Salesman Killed by a Thug.

Milwaukee, Sept. 14.—W. H. Rogers of this city, a traveling representative of the Sholto D. Rogers company, brokers, was robbed at Ontonagon, Mich., and so badly beaten that he died. He was attacked with a black jack when on his way to take a boat for Ashland. He did not recover consciousness before death, so the authorities have only a slight clue to his assailant's identity.

Young Hunter Killed.

Henning, Minn., Sept. 14.—Rynard, the eighteen-year-old son of John Guisness, was instantly killed by blowing his head off with a shotgun while hunting.

REACHED STRENUOUS STAGE

The legislative situation in this district has reached that strenuous stage that is usually attained in a campaign where five candidates seek nominations when there are only two places to fill, and the result is that the weak ones are endeavoring to pull down their opponents by unfair attacks circulated in circular form after the opportunity had passed to allow of an explanation to the voters. Just at the close of the campaign two circulars are being freely distributed over the district severely attacking the record of I. W. Bouck and citing the number of suits Charles W. Bouck had brought against his neighbors for the collection of accounts. The attack on I. W. Bouck, and which Mr. Bouck answers over his signature in today's paper, is in the form of a circular letter from G. S. Loftus to R. S. Clark, of Royalton, the latter being an attorney of that town who, it is understood, desired to file as a candidate on the democratic ticket but who could not get sufficient encouragement from his own party. These circulars do not indicate in whose interest they are circulated or by whom, but it is understood that one of the Little Falls candidates, not E. A. Kling, expects to benefit by any deflection this circular may cause. In this city the public are too well acquainted with Mr. Bouck to allow the eleventh hour attack to have much weight and their minds were pretty well made up

as to whom they will vote for at the time this campaign document was sprung.

The republicans of Morrison county, and especially the city of Little Falls, are interested in the nomination of E. A. Kling as one of the representatives from this district at the primary elections tomorrow, and such being the case it is to the interest of the people of Brainerd to lend their aid in helping nominate him. Little Falls is certainly entitled to one of the representatives and as the republicans of that city have drawn the line between the two candidates from that city, who are seeking the position, it is proper that the voters of Brainerd rally to his support.

It is the duty of every citizen to get out and vote at the primary election tomorrow. This is the election at which candidates of the various parties are placed in nomination for office, and if you do not vote you have no reason to register a kick because desirable men are not nominated. Your vote for the candidate of your choice for nomination is of more importance, if possible, than it is at the November election.

Mr. Bouck Replies
Royalton, Sept. 14, 1908.

EDITOR DAILY DISPATCH:
During the last two days circulars have been sent out over the legislative district by R. S. Clarke, of Royalton, and Geo. S. Loftus, of Minneapolis, attacking my record. I do not believe any person will consider such a circular sent out a day before election otherwise than a political trick.

If I have such a bad record and it is necessary to send out a circular, why not, in all fairness, send it out in time to be answered.

The circulars speak of combinations, etc. I want to say if such a combination existed I never knew it and I certainly did not belong to any such combination, and furthermore, the Journal of the House shows that the members spoken of in the circular never voted as a whole on any of the bills cited. Such assertions are unreliable, they are unfair and they are untrue, and I do not believe any voter will be influenced in the least by a circular sent out the day before election. I have faith in the American people and I believe that people will condemn this way of defeating any candidate.

It is true I was appointed one of a committee of five during the last session, to investigate the Receivers & Shippers association, of which Geo. S. Loftus is manager. The findings of such investigation can be found on pages 1593 to 1600 in the House Journal of last session and if the testimony given by witnesses was not complimentary to said Loftus it is not my fault. I simply did my duty in taking the testimony as I was bound to do under my oath.

It is too late to answer each item in the circular, but I stand ready at any time to meet anyone on my record. I made mistakes, as anyone would, but they were honest mistakes and I voted at all times for what I thought was for the best interests of my district.

I have conducted my canvass in a fair and humble way. I have not favored any one, nor have I said one word against any of the other four candidates. I have worked for myself only and hope when the votes are counted that I may be one of the candidates to represent the 48th legislative district.

Yours for fair play.
I. W. BOUCK.

Couldn't Scare Them.
A Denver man who rents his motor car by the trip or hour was seated in the machine with a friend for business when a young couple from the country came up. It was plain to be seen they were bride and groom. The young man from the country said they wanted to see Denver. He arranged for the motor car man to take them for an hour's trip and paid the charges in advance. The country couple took the back seat. The driver's friend sat in the front seat with him.

"I'm going to have some fun," said the driver in a low tone to his friend. "I'm going to run fast and scare those hayseeds."

He ran to the east edge of town and then let the machine out to the limit. It rocked and jumped till the driver's friend became alarmed.

"Say," he said, "you'd better ease up on it or you'll kill us all."

"Look around and see if the bride and groom are scared," was the reply. Before the other man could turn and look the farmer touched the driver on the shoulder.

"Hey, feller," he said, "here's another dollar. Make her run fast, will you?"—Denver Post.

Why elect a governor to go on the lecture platform? Gov. Johnson is admittedly contracted for lectures in various parts of the United States through the Slayton Lyceum Bureau for practically a year. Has any one heard him say he would cancel these contracts—if the bureau would agree to such cancellation—in event of his re-election? H. J. H. SISSONS DROWNED TODAY

Prominent St. Francis Attorney and Two Companions Met Death at Ranier

(KNOWN TO MANY IN BRAINERD)

Mr. Sissons One of Party of Ft. Francis Masons Who Were Here Last Winter

H. J. F. Sissons, one of the leading attorneys of Ft. Francis, Ont., together with two companions, met death by drowning in the Rainy river at Ranier this forenoon. Mr. Sissons had recently purchased a small gasoline launch and in company with Ed. Lockhart a woodsman named Busch left Ft. Francis this morning for a trip up into Rainy lake. There are strong rapids right at the foot of the lake, where the Duluth, Rainy Lake & Winnipeg railroad bridge stands, which are dangerous for small crafts. The prow of the boat was caught by the current, the craft was twisted around, caught broadside, and overturned, all the occupants being drowned. At last reports none of the bodies had been recovered.

Mr. Sissons was one of the party of St. Francis Masons who came to this city last winter as the guest of Mr. Gemmell and were entertained by the Masonic fraternity of this city. He made many friends among the fraternity here who will be very sorry to learn of his death.

Designations.

Some foreigners and even certain Americans are disposed to stand aloof from what they laughingly term the working classes of the country. It is to be regretted that they could not have overheard the conversation which took place on an East river ferryboat not long ago between a recently introduced—shall we hazard it?—wheelwright and shopgirl.

"Do you attend in Bargner's establishment?" he asked.

"Yes; I am one of the emporium ladies," she replied, with becoming dignity. "Where are you engaged?"

"I am one of Banks & Co.'s repository for carriages gentlemen," he informed her.—Philadelphia Ledger.

FRED W. BREWER IS DEAD

Popular Northern Pacific Engineer Succumbed to His Injuries Sunday Afternoon

Fred W. Brewer, the well known Northern Pacific freight engineer who was injured by being caught under an engine at the interstate bridge between Duluth and Superior Wednesday, died about 5 o'clock Sunday afternoon as a result of his injuries. Mr. Brewer was a great favorite among his fellow employees and his death cast a gloom over the railroad men of this city who knew him well.

Five Strong Reasons

Why painting in the fall is best

1. In the fall, the surface is thoroughly dry. During the spring a surface which needs repainting is sure to contain moisture and dampness or frost, and it cannot be successfully painted until it has thoroughly dried out.
2. When the wood is dry, it absorbs more of the paint; the paint penetrates deeper into the wood, therefore gets a firmer hold on it, giving the paint coating greater tenacity for holding qualities.
3. Paint cannot be as successfully applied in damp, cloudy or unsettled weather as in warm, sunny weather. In the fall the weather is more settled and uniform and is warmer, therefore it is an excellent time for painting.
4. A house needs its protective coat of paint more in the winter months than at any other time. A house in need of painting should never be allowed to go over the winter without this protection.
5. It is easier to keep the winter's moisture and dampness out by applying a coat of paint in the fall, when the surface is dry, than it is to get moisture or dampness out of the wood if you want to apply a coat of paint in the spring.

DEATH OF F. L. BANNON

Former Brainerd Attorney Died at Hibbing This Afternoon—No Particulars are Known Here

H. J. Cunningham received a telegram this forenoon bringing the sad news of the death of his son-in-law, F. L. Bannon, at Hibbing this morning. No particulars are known here. Mr. and Mrs. Cunningham left this afternoon for Hibbing going via Duluth. Mr. Bannon practiced law in Brainerd several years ago, being a member of the firm of Heino & Bannon. He has been residing at Hibbing for some time.

THE WHEAT RUSH HAS COMMENCED

Northern Pacific is Opening Night Offices in Order to Handle Heavy Business

AT SAWYER, KIMBERLEY, LOERCH

These Stations Have Been Provided With Three Operators Each For the Rush

The fall rush of wheat is now on and the local Northern Pacific yards are active, much wheat being received from the Soo line at Glenwood, in addition to the large amounts beginning to come in from the west.

In order to be able to handle trains on the Lake Superior division with expedition there has been continuous telegraphic service established at Loerch, Sawyer and Kimberley, which will be kept up during the rush of wheat to the head of the lakes.

Handsome Gifts

The Methodist Episcopal church, through the Sunday school, has recently been the recipient of two very handsome and useful gifts. A week ago a very beautiful pipe-toned organ was placed in the church. Yesterday, "The Perseverance Band," Miss Clara Fuller's class of young ladies, presented the church with an exquisite new pulpit. Both gifts were much needed and the thanks of both church and pastor were extended to the Sunday school and the young ladies for the timely and expensive gifts.

Mule Had a Good Memory.

"I was at Tampa when a negro teamster was instantly killed by an army mule, and it furnished a good illustration of the wonderful memory that a mule has.

"The negro teamster used to pound that mule unmercifully. Instead of using strategy and coaxing his mule into submission, he used to beat it hard enough to kill a horse. Well, for two months the teamster didn't drive that mule. But the mule never forgot him. He never made any attempt to injure his new driver, who knew enough to treat him decently. But one day the old teamster came back. The mule remembered him. He waited with as much docility and patience as an ox until he was harnessed, and then, when the old teamster was off his guard, he let fly with both heels, caught the negro in the pit of the stomach and stretched him out as dead as a hammer. The other teamster was standing right there by him, but that mule didn't make any attempt to kick him. He had just been laying for the fellow who whopped him two months before, and when he had finished him he was satisfied."—Buffalo Horse World.

Hunters say it is very rare for mother foxes to leave all their young in one place. It is their cunning habit to scatter the family, one and two in widely separated retreats. It is said, too, that foxes will not rob roosts close to their dens, but will go miles away for food and carefully hide their trails.

DIRECTORS VS. PHYSICAL SECTION

Forces of Y. M. C. A. Divide Into Rival Camps in Big Battle for Members

LEADERS ALREADY SELECTED

Campaign to Commence Sept- ember 16 and Continue Until September 26

The campaign for membership in the Brainerd Y. M. C. A. which will commence September 16th and will close September 26th, bids fair to be the hottest affair of its kind in the history of Brainerd.

Those who are to head the campaign for the Y. M. C. A. Sept. 16 to 26 met at the association Friday evening and a very definite organization was decided upon. As already announced, the Physical Section committee have challenged the board of directors to take one side of the campaign—this challenge was accepted and now the board will sail under the color of blue while their opponents will bear up under the red banner. Each side will have a team in the shops, and likewise up town; those who have been selected as captains and have already accepted the responsibility of their respective positions are as follows: Axel Johnson, a machinist, will captain the Reds at the shops and will be pitted against W. A. Hanna, a blacksmith, who will captain the Blues at the shops. Up town the Reds will be captained by A. C. Mraz, while the Blues will be lead out under L. P. White.

At the meeting Friday evening these captains selected a list of nine lieutenants a piece, and all are being interviewed today and will meet at the Y. M. C. A. this evening to go over the plans and be in readiness for a lively contest.

Frank Downing, first assistant secretary of the Duluth Y. M. C. A., a man who has had most excellent experience in this sort of campaign, will be in Brainerd tomorrow to meet all of the workers and see that their organization is complete and lend them all the assistance that he can.

Mr. Downing was entirely responsible for the big membership campaign in Duluth this past year in which ten strong rival teams were strenuously engaged and which brought 1,600 new members into the association, so we can count on him for the proper instruction and suggestion for the best interests in this respect.

Primary Election Tomorrow

The primary will decide who shall be the candidate for County Superintendent of schools before the general election, November 3. I will appreciate and hereby invite the vote of every voter in the county. The ladies are entitled to vote for this office and they are invited to do so.

Two Merry Tramps

Of "Two Merry Tramps" many pleasing things have been said by the critics not only in the larger cities but in the night stands as well during the past season where "Two Merry Tramps" have been presented, about Wood & Ward's production. The play being strictly a musical comedy with three acts and bevy of pretty girls.

The title of the piece is somewhat misleading, but it is only the title, for from the rise to the fall of the curtain it is just one of the cleanest, jolliest and liveliest of comedies that has enlivened the musical field. Never for an instant does it bring a blush, but instead brings laughter that is irrepressible. For the past eight seasons it has played to packed houses in the middle west and appeals to the elite of fashion and all is refined. The comedy is natural, the music catchy, the scenery magnificent, the costumes gorgeous and the cast all that is desired.

Wood & Ward have carefully selected their company for his or her ability. Among the members will be found Miss Bessie Bennett, Miss Melia M. Coutchie, Margaret McDonald, Corene McDonald, who are playing the principal female roles. This attraction will be at the opera house, Sept. 24.

TWENTY YEARS AGO

Mrs. Theviot was a visitor at the Minneapolis exposition on Friday.

H. C. Stivers was in attendance at the democratic congressional convention held in Fergus Falls.

G. T. Fenno, the genial manager of F. A. B. King & Co's coal and wood yard, has resigned his position here and will go to Big Lake, N. D., where he will run a hotel. Mr. Fenno has made many warm friends while in Brainerd who will regret his departure.

S. C. Harmon left Brainerd Monday for Tacoma and other points in Washington territory. During his absence Mrs. Harmon is visiting friends in Elk River.

At a meeting of the fire department Wednesday evening Dan McIntosh was elected chief to succeed Chief Leopold, resigned, and Ed. Breheny was elected first assistant.

Wm. Percy attended the grand lodge of the K. of P. at Minneapolis Wednesday and Thursday.

H. D. Powers has been elected captain of Co. K. 3d Regt. M. N. G., to succeed Andrew E. Veon, resigned.

Sheriff Spalding, who has been dangerously ill for the past week is much better and a complete recovery is probably certain. His sickness was caused by a kick on the ankle from a colt.

At a meeting of the board of directors of the Y. M. C. A. Rev. Bergstrom, pastor of the Swedish Baptist church, was elected secretary. He has resigned as pastor, the resignation to take effect Oct. 1st, at which time he takes up his new duties.

J. Bruce Parker and Miss Mary C. Tennis, were united in marriage on Wednesday evening, Sept. 12, at the residence of bride's mother, Mrs. C. M. Tennis, corner Grove and Fifth streets. The bride is the youngest daughter of Mrs. C. M. Tennis, a handsome and accomplished young lady who has been a resident of this city since a mere child. The groom has been a resident of Brainerd for about three years and is a machinist in the employ of the Northern Pacific shops.

Judge W. A. Fleming leaves tonight for Peoria, Ill., where he gives his hand in matrimony to Miss Florence Foster of that city, a beautiful and accomplished young lady, who is well known in Brainerd's society circles. She taught two years in the public schools of this city, during which time she won for herself, by her winning ways and grace of mind, a warm place in the hearts of our people. The groom, Judge Fleming, one of the foremost of Brainerd's citizens, has been a resident of this city for the past five years, during which time he has been engaged in practicing law, his chosen profession, until a year ago last spring, when he was unanimously elected municipal judge, which position he now holds. Mr. Fleming is a man of sterling qualities, and as a lawyer ranks among the first in Northern Minnesota. That life may be one long happy dream to them is the wish of a host of friends.

FIFTEEN PERSONS INJURED

Passenger Train Wrecked in a Pennsylvania Village.

Youngstown, O., Sept. 14.—Fifteen passengers were slightly injured when the Chicago-New York limited train on the Erie railway was wrecked in the village of Geneva, Pa.

The train was derailed by an open switch while running at the rate of forty miles an hour. The locomotive was overturned and the baggage car and the day coach left the track. The railway officials believe the wreck was due to train wreckers.

Vote for Alfred L. Thwing

For Judge of the Fifteenth District.

A letter of which the following is a copy was sent since the date thereof, by Mr. Holland, to some of his friends in the district.

Brainerd, Minn., Sept 5th, 1908.

DEAR SIR:

One district court judge in the Fifteenth judicial district of the State of Minnesota will be elected at the November 1908 election. The political parties will make nominations prior thereto. The counties of Aitkin, Beltrami, Cass, Clearwater, Crow Wing, Hubbard, Itasca and Koochiching comprise the 15th judicial district.

If either of us is in court voluntarily, or otherwise, we expect the judge is honest, unbiased and will see that we get a square deal.

Alfred L. Thwing, of Grand Rapids, Itasca county, Minnesota, is a candidate for the Republican nomination as one of the judges of said Fifteenth judicial district. Mr. Thwing is a graduate of the law department of the State University at Minneapolis. He is a young man, a good lawyer, honest and well qualified to act as judge.

You remember I was judge of this district twelve years, beginning in January, 1889. I can assure you that Mr. Thwing is a good man for the position. If you vote for him and help him get the republican nomination for judge of this Fifteenth judicial district, you will never regret it, but be prouder of it as you become better acquainted with him.

If Mr. Thwing receives the republican nomination for judge, he or the independent candidate will be elected.

Whoever draws the lucky number, the rights of the people will be protected.

Very respectfully yours,

E. W. Holland

WHILE PLAYING A HYMN.

Church Organist Is Stabbed to Death by a Lunatic.

Charlotte, N. C., Sept. 14.—A special from Newton says that Miss Willie Bullinger, nineteen years old, was stabbed to death by Lon Rader, aged twenty-one, while seated at the organ, playing the closing hymn at Sunday school. Rader leaped suddenly across several benches, and with his pocket knife, stabbed her once in the back and twice in the breast. She died almost immediately.

Some months ago he was committed to the state asylum, and in his ravings mentioned Miss Bullinger's name. Recently he was discharged from the hospital as cured. In jail, later, Rader said he had killed the girl because she was a witch.

Child Burned to Death.

Pomeroy, O., Sept. 14.—A can of oil standing near the stove in the kitchen at the home of John G. Roush, in Mason county, West Virginia, exploded and as a result one child was burned to death and Mr. and Mrs. Roush and three other children were probably fatally injured. The house was entirely consumed.

Boy Severely Burned.

St. Paul, Sept. 14.—Joseph Creve-nick, seven years old, living with his parents at 903 Armstrong street, was terribly burned while playing with a bonfire, and if the burns do not prove fatal it will be because of the timely and heroic action of Mrs. A. Sommerhauser. As the boy appeared on the street with his clothing on fire Mrs. Sommerhauser, with no thought but that of trying to save the boy's life, quickly removed her skirt, and winding it around the frantic boy, extinguished the flames.

CATHOLICS HOLD BIG PROCESSION

Clergy March Through Crowded Streets in London.

HISSES MINGLE WITH CHEERS

Attitude of Some of the Spectators Is Openly Hostile and Considerable "Booing," Such as the English People Use in Expressing Their Displeasure in a Theater, Is Heard. Churchmen Had Not Anticipated Such Scenes as Occurred.

London, Sept. 14.—A great procession of Catholic clergy, which brought the Eucharistic congress to an end, was held amid scenes such as the English churchmen who planned it had never anticipated. Cardinal Vanutelli, the pope's legate, walked at the head of the procession, wearing his scarlet robes and hat, but not carrying the host. He was accompanied by a bodyguard of English peers, of whom the Duke of Norfolk was the most prominent, and a course of cardinals, archbishops and bishops, who also were attired in un-conventional robes instead of vestments, which originally it had been proposed they should wear.

No such throngs of people have been seen in London since Queen Victoria's funeral, if even then. The purpose of Archbishop Bourne, the head of the Westminster diocese, and his associates, who arranged the programme, was to have the host carried through the streets in the rear of Westminster

CARDINAL V. VANUTELLI.

cathedral so that the great body of Catholics who were unable to participate in any of the services within the cathedral should have an opportunity of joining in the Eucharistic observations and of seeing all the high ecclesiastics present in London on this memorable occasion.

The route of the procession was laid through the quiet streets adjacent to the cathedral, and but for the unexpected partisan strife, which a discussion of this ceremony brought on, it probably would have been solemnized quietly and in a reverent atmosphere. The great majority of those who attempted to witness the spectacle, however, apparently were attracted by curiosity and a small part were openly and demonstratively hostile.

Catholics Cheered Heartily.

The Catholic element cheered heartily while the procession passed by and throughout the route, but there was heard also considerable "booing," such as the English people use in theaters to express displeasure at any of the plays.

The people began flocking toward the cathedral hours before the procession started. They came from all directions; from the West End in automobiles and carriages; from the East End in busses, they poured across the river by all the bridges which converge toward Westminster, and excursion trains brought many from the provinces.

Long before the hour set for the ceremony it was impossible to get near the line of march. All the streets leading in the direction were packed and the windows overlooking the procession, which were rented at high prices, were filled. Thousands of persons gathered on the roofs of the houses, from which there was a considerable display of the papal colors.

The police had not expected such crowds and met with much opposition in their attempts to keep the path clear, which they hardly succeeded in doing, so that the papal legate and his followers had to push their way through a narrow lane, being frequently and unpleasantly jostled about.

After the procession had re-entered the cathedral, Cardinal Vanutelli appeared on the high balcony in gorgeous robes and elevated the host, while the thousands of Catholics outside the building reverently knelt. The last day of the congress opened with pontifical mass in the cathedral, which was celebrated by the papal legate and at which all the cardinals, archbishops and many others of the clergy assisted. The great edifice was crowded, the audience following with rapt attention the sermon of Cardinal Gibbons, who preached eloquently.

NOW FULLY ORGANIZED.

President Roosevelt's Commission on Country Life.

Washington, Sept. 14.—The commission on country life, which President Roosevelt appointed a month ago, is now fully organized and will hold its first meeting probably within a week in this city. Professor L. H. Bailey, head of the United States college of agriculture, who on account of pressure of work declined the president's appointment as chairman, has now accepted the place. The commission therefore stands as the president named it.

President Roosevelt managed in his selections to have every part of the country represented. Dr. Kenyon L. Butterfield, president of the Massachusetts Agricultural college, represents the East; Henry Wallace of Des Moines, Ia., the West, and Walter H. Page, the magazine editor, who comes from North Carolina, the South.

Mr. Wallace, the editor of a farm journal, is the actual farmer of the group.

The president in the letter to Professor Bailey outlined the general lines which the commission will follow, together with all available information on the condition of present country life, to recommend means of supplying such deficiencies as are found to exist and finally to suggest methods of organized permanent effort in further investigation and actual work, which will result in making life on the farm more attractive and profitable.

BAD WRECK ON THE LAKE SHORE ROAD

Five Persons Killed and About Twenty Injured.

Chicago, Sept. 14.—It is reported that a wreck has occurred on the Lake Shore and Michigan Southern railroad at Chesterton, Ind., fifty miles from Chicago and that a number of passengers have been injured. A wrecking apparatus and a special with doctors have been sent to the scene.

The wreck was caused by a collision between a passenger train from Chicago, which ran into the rear of an excursion train bound for Indianapolis via the Lake Erie and Western.

Reports by long distance telephone from Chesterton were to the effect that four or five persons were killed and more than twenty injured. Owing to the isolation of the place definite reports were difficult to obtain. Conflicting reports were given by the few persons that could be found to talk about the wreck. The number of casualties was given all the way from two injured to five dead and twenty injured.

As a Family Medicine

Lots of suffering would be avoided and much serious disease prevented if every family did as the writer of this letter suggests.

He has found out from experience with many medicines that there is nothing so good as Dr. A. W. Chase's Kidney and Liver Pills as a family medicine for biliousness and constipation. Such diseases as Bright's disease, diabetes and appendicitis almost invariably arise from neglect to keep the liver, kidneys and bowels regular.

This emphasizes the wisdom of keeping Dr. A. W. Chase's Kidney and Liver Pills constantly at hand.

MR. WM. PALARDY, 146 Summer St., Central Falls, R. I., writes:—"I think Dr. A. W. Chase's Kidney and Liver Pills most excellent as a cure for biliousness and constipation. We would not think of being without them in the house as a family medicine. I have used many medicines but none ever suited my case so well."

Warning a Serpent.

"Down in Bermuda," said a Chinaman, "I heard Mark Twain make a speech about snakes to a group of little girls."

"The speech was great. The only trouble was that the little girls could not appreciate it. It flew over their heads."

"I remember the humorist's conclusion."

"Never warm a serpent in your bosom," he wound up. "It is far easier to warm it by the fire than to use the pillow of an infuriated serpent."

Preserved Currants.

I asked the waiter at a hotel in Paris to find out how the currants which were served with soft cream cheese and bread for dessert were cooked. To my surprise he informed me that they were not cooked at all. The large red and white currants were simply covered generously with sugar and let stand three days, the result being delicious. They should be served very cold.—Good Housekeeping.

THE PRESIDENT ANSWERS BRYAN

**Names Taft as His Political
Heir and Successor.**

"OUR POLICIES ARE ALIKE"

Roosevelt, in Letter to Conrad Kohrs, a Cattleman of Helena, Mont., Asserts That Wage-Earner and Capitalist Alike Would Be Safe Under Taft as President—Upholds Latter's Action in Labor Injunction Cases.

Oyster Bay, N. Y., Sept. 14.—President Roosevelt made public today a letter sent to Conrad Kohrs of Helena, Mont., an old time cattleman and a leading citizen of the state, in which he states why laboring men and capitalists alike should vote for the election of William H. Taft for president. Mr. Roosevelt wrote the letter as a reply to Mr. Bryan's recent statement that he alone was the true heir to Mr. Roosevelt politically and was his natural successor to the presidency. The president's friendship for Mr. Kohrs, a pioneer citizen of the Northern Rocky mountain region, dates from twenty years ago, when both men were members of the Montana Stock Growers' association. Mr. Roosevelt's letter in part is as follows:

The last few years have seen a great awakening of the public conscience and the growth of a stern determination to do away with corruption and unfair dealing, political, economic, social. It is urgently necessary that this great reform movement should go on. But no reform movement is healthy if it is marked by periods of frenzied advance, followed, as such periods of frenzied advance must always be followed, by equally violent periods of reaction. The true friend of reform is the man who steadily perseveres in righting wrongs, in warring against abuses, but whose character and training are such that he never promises what he cannot perform, that he always a little more than makes good what he does promise, and that, while steadily advancing, he never is led into foolish excesses.

In Mr. Taft we have a man who combines all of those qualities to a degree which no other man in our public life since the Civil war has surpassed. To a flaming hatred of injustice, to a hearty sympathy with the oppressed, he unites courage, both moral and physical, of the very highest type and a kindly generosity which makes him feel that his fellow countrymen are his friends and brothers.

Business Man and Laborer Safe.
The honest man of means, the honest and law abiding business man, can feel safe in his hands. The honest wageworker, the honest laboring man, the honest farmer, the honest mechanic or small trader or man of small means, can feel that in a peculiar sense Mr. Taft will be his representative because of the very fact that he has the same scorn for the demagogue that he has for the corruptionist and that he would front threats of personal violence from a mob with the unquailing and lofty indifference with which he would front the bitter anger of the wealthiest corporations.

Mr. Taft and I have the same views as to what is demanded by the national interest and honor. There is no fight for decency and fair dealing which I have waged in which I have not had his heartiest and most effective sympathy and support and the policies for which I stand are his policies as much as mine.

Let Mr. Taft be judged by what he has himself done and by what the administration, in which he has played so conspicuous a part, has done. Mr. Taft can be trusted to exact justice from the railroads for the very reason that he can be trusted to do justice to the railroads.

While in all proper ways railroad rates must be kept low we must always remember that we have no right and no justification to reduce them when the result is the reduction of the wages of the great army of railroad men. The man who promises to raise the wages of railroad employees to the highest point and at the same time to reduce rates to the lowest point is promising what neither he nor any one else can perform and if the effort to perform it were attempted disaster would result to both shipper and wageworker and ruin to business interests. The man to trust in such a matter as this is the man who, like Judge Taft, does not promise too much, but who could not be swayed from the path of duty. He will not favor a ruinous experiment like government ownership of railways.

Applies to All Trusts.
What is said as to his attitude on the railway question applies to the

whole question of the trusts.

If there is one body of men more than another whose support I feel I have a right to challenge on behalf of Secretary Taft it is the wageworkers of the country. A fairer and truer representative they cannot find within the borders of the United States. He will do everything in his power for them except to do that which is wrong.

Mr. Taft has been attacked because of the injunctions he delivered while on the bench. I am content to rest his case on these very injunctions. Most assuredly he never has yielded and never will yield to threat or pressure of any sort, as little if it comes from labor as if it comes from capital.

His record as a judge makes the whole country his debtor.

As for the attack upon his injunctions in labor disputes I ask that the injunctions be carefully examined. I ask that every responsible and fair minded member of a labor organization read these injunctions for himself. If he will do so he will heartily approve of them and will recognize this further astonishing fact that the principles laid down by Judge Taft which laboring people are asked to condemn are the very principles now embodied in the laws of every responsible labor organization. They mark the judge who rendered them as standing for the rights of the whole people. As far as daylight is from darkness so far is such a judge from the time server, the truckler to the mob or the cringing tool of great, corrupt and corrupting corporations.

Let all fair minded men, wageworkers and capitalists alike, consider yet another fact. In one of his decisions Judge Taft upheld in the strongest fashion and for the first time gave full vitality to the principle of the employers' liability for injuries done workmen. This was before any national law on the subject was enacted.

On the bench Judge Taft showed the two qualities which make a great judge—wisdom and moral courage. They are also the two qualities which make a great president.

**IF DESIRES OF JUDGE
TAFT ARE OBSERVED**

**His First Campaigning Tour
Will Begin Sept. 23.**

Cincinnati, Sept. 14.—William H. Taft's first campaigning tour will begin Wednesday, Sept. 23, if the candidate's present desires in the matter are observed. Mr. Taft indicated that he would much like to talk with National Chairman Hitchcock, after Mr. Hitchcock has conferred in Chicago with Senator Dixon and the Western managers concerning the proposed itinerary. Mr. Hitchcock will doubtless be asked to come by Cincinnati on his return East.

The arrangements to have the National League of Republican clubs hold a rally in Cincinnati Sept. 22, was made known to Judge Taft by Mr. Vorys by wire. The chief of staff reached his home in Lancaster Saturday night. He will go to Columbus and then return here.

After the meeting of Sept. 22, it is regarded as not unlikely that Mr. Taft will accept the invitation he has received from the Kentucky Bankers' association and address them at Lexington on Sept. 23. Mr. Taft has expressed a desire to speak in Tennessee, and it is pointed out here that he could extend the Kentucky trip to Nashville and Chattanooga, and from there go to St. Louis and Kansas City, and then into the other Middle Western states.

Judge and Mrs. Taft attended Christ church and listened to services conducted by Rev. Dr. Knowlton, pastor. The remainder of the day was spent by the candidate at the home of his brother, Charles P. Taft.

Fatal Quarrel Over Unionism.

Marshalltown, Ia., Sept. 14.—During an altercation over the merits of unionism, Edward Henry, a union carpenter, thirty-seven years old, is alleged to have struck Matthew Skele, a plumber, as a result of which Skele died a few hours afterward. Skele's skull was fractured from a point over the right eye to the base. He never regained consciousness.

Feared Hydrophobia; Took Acid.

Springfield, Ill., Sept. 14.—Fred Peterson, forty-five years old, who was bitten by a mad squirrel last week, died of carbolic acid poisoning. Fearing hydrophobia, he is supposed to have swallowed the acid with suicidal intent.

FOREST FIRES NOT A MENACE

**Absence of Wind Brings Quiet
to Mesaba Range.**

MOISTURE IS BADLY NEEDED

**Promise of Rain Brings Hope to the
Weary People of Northern Minne-
sota, Who Have Been Fighting the
Flames Continuously for Two Weeks.
Much Valuable Timber Still in Danger
of Destruction.**

Duluth, Sept. 14.—Clouds and an absence of wind gave the Mesaba range a day of quiet and the forest fires ceased to be a menace in every locality. No rain has fallen and the situation will be serious until moisture puts an end to the smoldering fires and makes the forests of Northern Minnesota less like tinder.

Grand Marais on the north shore of Lake Superior is considered safe from further invasion by the flames, owing to the back fires around the little town.

The woods for nearly 100 miles along the north shore are ablaze and millions of feet of standing timber are still in danger.

Under orders from General C. G. Andrews, state fire warden, Chief John T. Black of the local fire department sent forty men to the scene of the worst forest fire about Grand Marais on board the Booth line steamer America.

These men were hired for the purpose of fighting the fire and were placed under the direction of Captain Wilson of the local fire department. They will remain in the fire region fighting back the flames and protecting as much valuable timber lands as possible.

At Grand Rapids and Cohasset, which were the center of the fire activity on the Mesaba range Saturday, no more fires are reported.

The United States weather bureau reports from Washington promise rain for the Northern and Central portion of the United States before the close of the present week. This brings a ray of hope to the inhabitants of the North country, who have been fighting the terrible fire demon so continuously for the past two weeks.

Abundant Rains Predicted.

Washington, Sept. 14.—The weather bureau has issued a special forecast, as follows: The first well defined disturbance of the present season is approaching the North Pacific coast and a West Indian storm is advancing toward our Southeastern coast. This combination should produce abundant rains in the drought-stricken districts of the North Central states before the close of the present week.

ST. PAUL MAN A SNICIDE.

**Runs Down the Street With His Throat
Cut From Ear to Ear.**

St. Paul, Sept. 14.—Running through the streets with his throat cut from ear to ear, Joseph Klein terrorized people in the vicinity of St. Peter and Exchange streets. Men, women and children scattered in all directions as the blood-covered man, crazed with pain, dashed across Exchange street and tried to force his way into a saloon on the opposite side of the street. The saloonkeeper and his family saw the man approaching and barred the door against him. Klein then turned in the direction of St. Joseph's hospital, staggered through the main entrance and fell unconscious on the floor.

He was taken to the operating table and his wound sewed up, but he died within an hour. He was janitor of a school and despondency over loss of his position is thought to have prompted his suicide.

Hitchcock Goes to Chicago.

New York, Sept. 14.—Chairman Frank Hitchcock of the Republican national committee has left New York for Chicago, where he will spend two days at Western headquarters. It is likely that while returning to Eastern headquarters he will stop in Cincinnati for a conference with Mr. Taft. The speaking itinerary of Mr. Taft will be arranged by Chairman Hitchcock this week and will be announced from Cincinnati.

Negro Hanged by a Mob.

Brookshire, Tex., Sept. 14.—Dave Newton, a negro, charged with being implicated in the murder of John Buchtrn, a white man, who was shot and killed at his home near here Saturday, was taken from jail by a mob and hanged. Intense excitement prevails here, and all idle negroes have received instructions to leave the community.

IN SPITE OF OPPOSITION.

**Likely That Governor Hughes Will Be
Renominated.**

Saratoga, N. Y., Sept. 14.—Fighting desperately over every inch of ground to prevent the renomination of Governor Hughes by the Republican state convention, the anti-Hughes leaders professed confidence in the success of their efforts, but there has been a distinct diminution in assurance. Veteran politicians, some of them bitterly opposed to the governor, others committed to his support, declared their belief that he will be nominated in spite of all efforts to prevent it.

The main difficulty with which the anti-Hughes leaders had to contend was that of finding a man of adequate political size upon whom the opposition could unite. Secretary of State Root, who will preside over the convention, was hardly on the ground before gossip was busy with his name. At first reticent, Mr. Root finally made it clear that he must not be considered. The name of Joseph H. Choate was the subject of some mention, but hardly gained prominence. Finally the gossip narrowed down upon Former Ambassador Horace Porter, and now his is the name most frequently mentioned.

**DISAPPROVES OF
SUNDAY SPEECHES**

**W. J. Bryan Refuses to Talk
to Crowd in Maryland.**

Deer Park, Md., Sept. 14.—William Jennings Bryan put his stamp of disapproval on Sunday political speech making when, without his knowledge, the residents around Mountain Park were notified to assemble there to hear him talk. Over 1,200 of them gathered while Mr. Bryan at Deer Park was protesting to a local committee that he would make no speech. He finally was prevailed upon to take the three-mile drive and shake hands with those at the assemblage, with the understanding that he should not speak and there should be no hand-clapping. The people gave every evidence of their pleasure at meeting the Democratic candidate for president, even though they were disappointed on not hearing him and as he departed they violated their pledge and applauded him liberally.

The day was one of absolute quiet and rest with the exception of the short journey to Mountain Park and in consequence Mr. Bryan prepared himself for the strenuous week ahead of him. He left here for Baltimore.

FAVOR CHANLER.

New York State Democrats May Nominate Him for Governor.

Rochester, N. Y., Sept. 14.—With the arrival in the city of a host of upstate delegates to the Democratic state convention, the candidacy of Lieutenant Governor Lewis Stuyvesant Chanler for the gubernatorial nomination took a decided upward turn.

Chairman William J. Conners of the state committee announced that he talked with 125 delegates to the convention and that 99 per cent of them had favored Mr. Chanler. Senator Patrick H. McCarren of Brooklyn arrived here and at once called upon Chairman Conners. A conference of more than an hour's duration followed. Senator McCarren said after the conference that he still favored the nomination of Mayor N. A. Adams of Buffalo, though Mr. Conners had persistently spoken of the strength of Mr. Chanler.

Bad Fire at St. Paul.

St. Paul, Sept. 14.—Fire which broke out in the wood turning plant of the Gribben Lumber company, Seventh and Earl streets, caused a loss estimated at about \$95,000. The property destroyed was the entire plant of the Gribben Lumber company, together with some lumber, and a number of large tenement houses, and the office of the Herzog Iron company, a new structure. Lieutenant Maloney of Engine House No. 7 was overcome by the heat, but soon recovered.

Salesman Killed by a Thug.

Milwaukee, Sept. 14.—W. H. Rogers of this city, a traveling representative of the Sholto D. Rogers company, brokers, was robbed at Ontonagon, Mich., and so badly beaten that he died. He was attacked with a black jack when on his way to take a boat for Ashland. He did not recover consciousness before death, so the authorities have only a slight clue to his assailant's identity.

Young Hunter Killed.

Henning, Minn., Sept. 14.—Rynard, the eighteen-year-old son of John Guiness, was instantly killed by blowing his head off with a shotgun while hunting.

WEATHER FORECAST

Partly cloudy tonight and Tuesday.

REACHED STRENUOUS STAGE

The legislative situation in this district has reached that strenuous stage that is usually attained in a campaign where five candidates seek nominations when there are only two places to fill, and the result is that the weak ones are endeavoring to pull down their opponents by unfair attacks circulated in circular form after the opportunity had passed to allow of an explanation to the voters. Just at the close of the campaign two circulars are being freely distributed over the district severely attacking the record of I. W. Bouck and citing the number of suits Charles W. Bouck had brought against his neighbors for the collection of accounts. The attack on I. W. Bouck, and which Mr. Bouck answers over his signature in today's paper, is in the form of a circular letter from G. S. Loftus to R. S. Clark, of Royalton, the latter being an attorney of that town who, it is understood, desired to file as a candidate on the democratic ticket but who could not get sufficient encouragement from his own party. These circulars do not indicate in whose interest they are circulated or by whom, but it is understood that one of the Little Falls candidates, not E. A. Kling, expects to benefit by any defection this circular may cause. In this city the public are too well acquainted with Mr. Bouck to allow the eleventh hour attack to have much weight and their minds were pretty well made up

as to whom they will vote for at the time this campaign document was sprung.

The republicans of Morrison county, and especially the city of Little Falls, are interested in the nomination of E. A. Kling as one of the representatives from this district at the primary elections tomorrow, and such being the case it is to the interest of the people of Brainerd to lend their aid in helping nominate him. Little Falls is certainly entitled to one of the representatives and as the republicans of that city have drawn the line between the two candidates from that city, who are seeking the position, it is proper that the voters of Brainerd rally to his support.

It is the duty of every citizen to get out and vote at the primary election tomorrow. This is the election at which candidates of the various parties are placed in nomination for office, and if you do not vote you have no reason to register a kick because desirable men are not nominated. Your vote for the candidate of your choice for nomination is of more importance, if possible, than it is at the November election.

Mr. Bouck Replies

Royalton, Sept. 14, 1908.

EDITOR DAILY DISPATCH:

During the last two days circulars have been sent out over the legislative district by R. S. Clarke, of Royalton, and Geo. S. Loftus, of Minneapolis, attacking my record. I do not believe any person will consider such a circular sent out a day before election otherwise than a political trick.

If I have such a bad record and it is necessary to send out a circular, why not, in all fairness, sent it out in time to be answered.

The circulars speak of combinations, etc. I want to say if such a combination existed I never knew it and I certainly did not belong to any such combination, and furthermore, the Journal of the House shows that the members spoken of in the circular never voted as a whole on any of the bills cited. Such assertions are untrue, they are unfair and they are untrue, and I do not believe any voter will be influenced in the least by a circular sent out the day before election. I have faith in the American people and I believe that people will condemn this way of defeating any candidate.

It is true I was appointed one of a committee of five during the last session, to investigate the Receivers & Shippers association, of which Geo. S. Loftus is manager. The findings of such investigation can be found on pages 1593 to 1600 in the House Journal of last session and if the testimony given by witnesses was not complimentary to said Loftus it is not my fault. I simply did my duty in taking the testimony as I was bound to do under my oath.

It is too late to answer each item in the circular, but I stand ready at any time to meet anyone on my record. I made mistakes, as anyone would, but they were honest mistakes and I voted at all times for what I thought was for the best interests of my district.

I have conducted my canvass in a fair and humble way. I have not favored any one, nor have I said one word against any of the other four candidates. I have worked for myself only and hope when the votes are counted that I may be one of the candidates to represent the 48th legislative district.

Yours for fair play.

I. W. BOUCK.

Couldn't Scare Them.

A Denver man who rents his motor car by the trip or hour was seated in the machine with a friend for business when a young couple from the country came up. It was plain to be seen they were bride and groom. The young man from the country said they wanted to see Denver. He arranged for the motor car man to take them for an hour's trip and paid the charges in advance. The country couple took the back seat. The driver's friend sat in the front seat with him.

"I'm going to have some fun," said the driver in a low tone to his friend. "I'm going to run fast and scare those hayseeds."

He ran to the east edge of town and then let the machine out to the limit. It rocked and jumped till the driver's friend became alarmed.

"Say," he said, "you'd better ease up on it or you'll kill us all."

"Look around and see if the bride and groom are scared," was the reply.

Before the other man could turn and look the farmer touched the driver on the shoulder.

"Hey, feller," he said, "here's another dollar. Make her run fast, will you?"—Denver Post.

H. J. H. SISSIONS DROWNED TODAY

Prominent St. Francis Attorney
and Two Companions Met
Death at Ranier

KNOWN TO MANY IN BRAINERD

Mr. Sissions One of Party of Ft.
Francis Masons Who Were
Here Last Winter

H. J. F. Sissions, one of the leading attorneys of Ft. Francis, Ont., together with two companions, met death by drowning in the Rainy river at Ranier this forenoon. Mr. Sissions had recently purchased a small gasoline launch and in company with Ed. Lockhart a woodsman named Busch left Ft. Francis this morning for a trip up into Rainy lake. There are strong rapids right at the foot of the lake, where the Duluth, Rainy Lake & Winnipeg railroad bridge stands, which are dangerous for small crafts. The prow of the boat was caught by the current, the craft was twisted round, caught broadside, and overturned, all the occupants being drowned. At last reports none of the bodies had been recovered.

Mr. Sissions was one of the party of St. Francis Masons who came to this city last winter as the guest of Mr. Gemmell and were entertained by the Masonic fraternity of this city. He made many friends among the fraternity here who will be very sorry to learn of his death.

Designations.

Some foreigners and even certain Americans are disposed to stand aloof from what they haughtily term the working classes of the country. It is to be regretted that they could not have overheard the conversation which took place on an East river ferryboat not long ago between a recently introduced—shall we hazard it?—wheelwright and shopgirl.

"Do you attend in Barginer's establishment?" he asked.

"Yes, I am one of the emporium ladies," she replied, with becoming dignity. "Where are you engaged?"

"I am one of Banks & Co.'s repository for carriages gentlemen," he informed her.—Philadelphia Ledger.

FRED W. BREWER IS DEAD

Popular Northern Pacific Engineer
Succumbed to His Injuries Sunday Afternoon

Fred W. Brewer, the well known Northern Pacific freight engineer who was injured by being caught under an engine at the interstate bridge between Duluth and Superior Wednesday, died about 5 o'clock Sunday afternoon as a result of his injuries. Mr. Brewer was a great favorite among his fellow employees and his death cast a gloom over the railroad men of this city who knew him well.

Five Strong Reasons

Why painting in the fall is best

1. In the fall, the surface is thoroughly dry. During the spring a surface which needs repainting is sure to contain moisture and dampness or frost, and it cannot be successfully painted until it has thoroughly dried out.

2. When the wood is dry, it absorbs more of the paint; the paint penetrates deeper into the wood, therefore gets a firmer hold on it, giving the paint coating greater tenacity for holding qualities.

3. Paint cannot be as successfully applied in damp, cloudy or unsettled weather as in warm, sunny weather. In the fall the weather is more settled and uniform and is warmer, therefore it is an excellent time for painting.

4. A house needs its protective coat of paint more in the winter months than at any other time. A house in need of painting should never be allowed to go over the winter without this protection.

5. It is easier to keep the winter's moisture and dampness out by applying a coat of paint in the fall, when the surface is dry, than it is to get moisture or dampness out of the wood if you want to apply a coat of paint in the spring.

Handsome Gifts

The Methodist Episcopal church, through the Sunday school, has recently been the recipient of two very handsome and useful gifts. A week ago a very beautiful pipe-toned organ was placed in the church. Yesterday, "The Perseverance Band," Miss Clara Fuller's class of young ladies, presented the church with an exquisite new pulpit. Both gifts were much needed and the thanks of both church and pastor were extended to the Sunday school and the young ladies for the timely and expensive gifts.

Mule Had a Good Memory.

"I was at Tampa when a negro teamster was instantly killed by an army mule, and it furnished a good illustration of the wonderful memory that a mule has.

"The negro teamster used to pound that mule unmercifully. Instead of using strategy and coaxing his mule into submission, he used to beat it hard enough to kill a horse. Well, for two months the teamster didn't drive that mule. But the mule never forgot him. He never made any attempt to injure his new driver, who knew enough to treat him decently. But one day the old teamster came back. The mule remembered him. He waited with as much docility and patience as an ox until he was harnessed, and then, when the old teamster was off his guard, he let fly with both heels, caught the negro in the pit of the stomach and stretched him out as dead as a hammer. The other teamster was standing right there by him, but that mule didn't make any attempt to kick him. He had just been laying for the fellow who walloped him two months before, and when he had finished him he was satisfied."—Buffalo Horse World.

Hunters say it is very rare for mother foxes to leave all their young in one place. It is their cunning habit to scatter the family, one and two in widely separated retreats. It is said, too, that foxes will not rob roosts close to their dens, but will go miles away for food and carefully hide their trails.

DIRECTORS VS. PHYSICAL SECTION

Forces of Y. M. C. A. Divide Into

LEADERS ALREADY SELECTED

Campaign to Commence September 16 and Continue Until
September 26

The campaign for membership in the Brainerd Y. M. C. A. which will commence September 16th and will close September 26th, bids fair to be the hottest affair of its kind in the history of Brainerd.

Those who are to head the campaign for the Y. M. C. A. Sept. 16 to 26 met at the association Friday evening and a very definite organization was decided upon. As already announced, the Physical Section committee have challenged the board of directors to take one side of the campaign—this challenge was accepted and now the board will sail under the color of blue while while their opponents will bear up under the red banner. Each side will have a team in the shops, and likewise up town; those who have been selected as captains and have already accepted the responsibility of their respective positions are as follows: Axel Johnson, a machinist, will captain the Reds at the shops and will be pitted against W. A. Hanna, a blacksmith, who will captain the Blues at the shops. Up town the Reds will be captained by A. C. Mraz, while the Blues will be lead out under L. P. White.

At the meeting Friday evening these captains selected a list of nine lieutenants a piece, and all are being interviewed today and will meet at the Y. M. C. A. this evening to go over the plans and be in readiness for a lively contest.

Frank Downing, first assistant secretary of the Duluth Y. M. C. A., a man who has had most excellent experience in this sort of campaign, will be in Brainerd tomorrow to meet all of the workers and see that their organization is complete and lend them all the assistance that he can.

Mr. Downing was entirely responsible for the big membership campaign in Duluth this past year in which ten strong rival teams were strenuously engaged and which brought 1,600 new members into the association, so we can count on him for the proper instruction and suggestion for the best interests in this respect.

Primary Election Tomorrow

The primary will decide who shall be the candidate for County Superintendent of schools before the general election, November 3. I will appreciate and hereby invite the vote of every voter in the county. The ladies are entitled to vote for this office and they are invited to do so.

Kuhnley-Newton

At one o'clock yesterday afternoon at the Methodist Episcopal parsonage, William Kuhnley, of Spokane, Wash., was united in marriage to Laura Winifred Newton, of this city in the presence of a few friends. The ring service of the Methodist church was used and read by Rev. Charles Fox Davis.

The young couple left on the afternoon train for Coburg, Ont., via the great lakes to spend a month there. They will make Spokane their future home.

BRAINERD OPERA HOUSE THURSDAY, SEPT. 24

"The Indian Ballet."

Those Fun Experts, Wood & Ward, with 18 helpers, mostly girls, presenting their merry musical mixture, "Two Merry Tramps." The play with singy songs and whistly music, the cleanest, cleverest, brightest, breeziest, jolliest smartest, singist, wittiest and most whistliest of all musical plays. See the play: whistle the music, one loud, long, lingering laugh: that's all. Common sense prices, 25 50-75c.

Said a poet to an unfortunate speculator: "Don't you think that the opening lines of Tennyson's little poem, 'Break, break, break,' are plaintive and said?"

"Yes," was the melancholy reply. "But I think that 'Broke, broke, broke,' is a good deal sadder."

MUSIC AND DRAMA

Coming Attractions

Sept. 24—"Two Merry Tramps."
Sept. 26—"Too Poor to Beg."
Sept. 28—"Just Out of College."

Two Merry Tramps

Of "Two Merry Tramps" many pleasing things have been said by the critics not only in the larger cities but in the night stands as well during the past season where "Two Merry Tramps" have been presented, about Wood & Ward's production. The play being strictly a musical comedy with three acts and bevy of pretty girls.

The title of the piece is somewhat misleading, but it is only the title, for from the rise to the fall of the curtain it is just one of the cleanest, jolliest and liveliest of comedies that has enlivened the musical field. Never for an instant does it bring a blush, but instead brings laughter that is irrepressible. For the past eight seasons it has played to packed houses in the middle west and appeals to the elite of fashion and all is refined. The comedy is natural, the music catchy, the scenery magnificent, the costumes gorgeous and the cast all that is desired.

Wood and Ward have carefully selected their company for his or her ability. Among the members will be found Miss Bessie Bennett, Miss Melia M. Coutchie, Margaret McDonald, Corene McDonald, who are playing the principal female roles. This attraction will be at the opera house, Sept. 24.

TWENTY YEARS AGO

Mrs. Theviet was a visitor at the Minneapolis exposition on Friday.

H. C. Stivers was in attendance at the democratic congressional convention held in Fergus Falls.

G. T. Fenno, the genial manager of F. A. B. King & Co's coal and wood yard, has resigned his position here and will go to Big Lake, N. D., where he will run a hotel. Mr. Fenno has made many warm friends while in Brainerd who will regret his departure.

S. C. Harmon left Brainerd Monday for Tacoma and other points in Washington territory. During his absence Mrs. Harmon is visiting friends in Elk River.

At a meeting of the fire department Wednesday evening Dan McIntosh was elected chief to succeed Chief Leopold, resigned, and Ed. Breheny was elected first assistant.

Wm. Percy attended the grand lodge of the K. of P. at Minneapolis Wednesday and Thursday.

H. D. Powers has been elected captain of Co. K. 3d Regt. M. N. G., to succeed Andrew E. Veon, resigned.

Sheriff Spalding, who has been dangerously ill for the past week is much better and a complete recovery is probably certain. His sickness was caused by a kick on the ankle from a colt.

At a meeting of the board of directors of the Y. M. C. A. Rev. Bergstrom, pastor of the Swedish Baptist church, was elected secretary. He has resigned as pastor, the resignation to take effect Oct. 1st, at which time he takes up his new duties.

J. Bruce Parker and Miss Mary C. Tennis, were united in marriage on Wednesday evening, Sept. 12, at the residence of bride's mother, Mrs. C. M. Tennis, corner Grove and Fifth streets. The bride is the youngest daughter of Mrs. C. M. Tennis, a handsome and accomplished young lady who has been a resident of this city since a mere child. The groom has been a resident of Brainerd for about three years and is a machinist in the employ of the Northern Pacific shops.

Judge W. A. Fleming leaves tonight for Peoria, Ill., where he gives his hand in matrimony to Miss Florence Foster of that city, a beautiful and accomplished young lady, who is well known in Brainerd's society circles. She taught two years in the public schools of this city, during which time she won for herself, by her winning ways and grace of mind, a warm place in the hearts of our people. The groom, Judge Fleming, one of the foremost of Brainerd's citizens, has been a resident of this city for the past five years, during which time he has been engaged in practicing law, his chosen profession, until a year ago last spring, when he was unanimously elected municipal judge, which position he now holds. Mr. Fleming is a man of sterling qualities, and as a lawyer ranks among the first in Northern Minnesota. That life may be one long happy dream to them is the wish of a host of friends.

FIFTEEN PERSONS INJURED

Passenger Train Wrecked in a Pennsylvania Village.

Youngstown, O., Sept. 14.—Fifteen passengers were slightly injured when the Chicago-New York limited train on the Erie railway was wrecked in the village of Geneva, Pa.

The train was derailed by an open switch while running at the rate of forty miles an hour. The locomotive was overturned and the baggage car and the day coach left the track. The railway officials believe the wreck was due to train wreckers.

Brainerd, Minn., Sept 5th, 1908.

DEAR SIR:

One district court judge in the Fifteenth judicial district of the State of Minnesota will be elected at the November 1908 election. The political parties will make nominations prior thereto. The counties of Aitkin, Beltrami, Cass, Clearwater, Crow Wing, Hubbard, Itasca and Koochiching comprise the 15th judicial district.

If either of us is in court voluntarily, or otherwise, we expect the judge is honest, unbiased and will see that we get a square deal.

Alfred L. Thwing, of Grand Rapids, Itasca county, Minnesota, is a candidate for the Republican nomination as one of the judges of said Fifteenth judicial district. Mr. Thwing is a graduate of the law department of the State University at Minneapolis. He is a young man, a good lawyer, honest and well qualified to act as judge.

You remember I was judge of this district twelve years, beginning in January, 1889. I can assure you that Mr. Thwing is a good man for the position. If you vote for him and help him get the republican nomination for judge of this Fifteenth judicial district, you will never regret it, but be prouder of it as you become better acquainted with him.

If Mr. Thwing receives the republican nomination for judge, he or the independent candidate will be elected.

Whichever draws the lucky number, the rights of the people will be protected.

Very respectfully yours,

E. J. Holland

CATHOLICS HOLD BIG PROCESSION

Clergy March Through Crowded Streets in London.

HISSES MINGLE WITH CHEERS

Attitude of Some of the Spectators is Openly Hostile and Considerable "Booing." Such as the English People Use in Expressing Their Displeasure in a Theater, is Heard. Churchmen Had Not Anticipated Such Scenes as Occurred.

London, Sept. 14.—A great procession of Catholic clergy, which brought the Eucharistic congress to an end, was held amid scenes such as the English churchmen who planned it had never anticipated. Cardinal Vannutelli, the pope's legate, walked at the head of the procession, wearing his scarlet robes and hat, but not carrying the host. He was accompanied by a bodyguard of English peers, of whom the Duke of Norfolk was the most prominent, and a concourse of cardinals, archbishops and bishops, who also were attired in un-conventional robes instead of vestments, which originally it had been proposed they should wear.

No such throngs of people have been seen in London since Queen Victoria's funeral, if even then. The purpose of Archbishop Bourne, the head of the Westminster diocese, and his associates, who arranged the programme, was to have the host carried through the streets in the rear of Westminster

CARDINAL V. VANNUTELLI.

cathedral so that the great body of Catholics who were unable to participate in any of the services within the cathedral should have an opportunity of joining in the Eucharistic observations and of seeing all the high ecclesiastics present in London on this memorable occasion.

The route of the procession was laid through the quiet streets adjacent to the cathedral, and but for the unexpected partisan strife, which a discussion of this ceremony brought on, it probably would have been solemnized quietly and in a reverent atmosphere. The great majority of those who attempted to witness the spectacle, however, apparently were attracted by curiosity and a small part were openly and demonstratively hostile.

Catholics Cheered Heartily.

The Catholic element cheered heartily while the procession passed by and throughout the route, but there was heard also considerable "booing," such as the English people use in theaters to express displeasure at any of the plays.

The people began flocking toward the cathedral hours before the procession started. They came from all directions; from the West End in automobiles and carriages; from the East End in busses, they poured across the river by all the bridges which converge toward Westminster, and excursion trains brought many from the provinces.

Long before the hour set for the ceremony it was impossible to get near the line of march. All the streets leading in the direction were packed and the windows overlooking the procession, which were rented at high prices, were filled. Thousands of persons gathered on the roofs of the houses, from which there was a considerable display of the papal colors. The police had not expected such crowds and met with much opposition in their attempts to keep the path clear, which they hardly succeeded in doing, so that the papal legate and his followers had to push their way through a narrow lane, being frequently and unpleasantly jostled about.

After the procession had re-entered the cathedral, Cardinal Vannutelli appeared on the high balcony in gorgeous robes and elevated the host, while the thousands of Catholics outside the building reverently knelt.

The last day of the congress opened with pontifical mass in the cathedral, which was celebrated by the papal legate and at which all the cardinals, archbishops and many others of the clergy assisted. The great edifice was crowded, the audience following with rapt attention the sermon of Cardinal Gibbons, who preached eloquently.

NOW FULLY ORGANIZED.

President Roosevelt's Commission on Country Life.

Washington, Sept. 14.—The commission on country life, which President Roosevelt appointed a month ago, is now fully organized and will hold its first meeting probably within a week in this city. Professor L. H. Bailey, head of the United States college of agriculture, who on account of pressure of work declined the president's appointment as chairman, has now accepted the place. The commission therefore stands as the president named it.

President Roosevelt managed in his selections to have every part of the country represented. Dr. Kenyon L. Butterfield, president of the Massachusetts Agricultural college, represents the East; Henry Wallace of Des Moines, Ia., the West, and Walter H. Page, the magazine editor, who comes from North Carolina, the South.

Mr. Wallace, the editor of a farm journal, is the actual farmer of the group.

The president in the letter to Professor Bailey outlined the general lines which the commission will follow, together with all available information on the condition of present country life, to recommend means of supplying such deficiencies as are found to exist and finally to suggest methods of organized permanent effort in further investigation and actual work, which will result in making life on the farm more attractive and profitable.

BAD WRECK ON THE LAKE SHORE ROAD

Five Persons Killed and About Twenty Injured.

Chicago, Sept. 14.—It is reported that a wreck has occurred on the Lake Shore and Michigan Southern railroad at Chesterton, Ind., fifty miles from Chicago and that a number of passengers have been injured. A wrecking apparatus and a special with doctors have been sent to the scene.

The wreck was caused by a collision between a passenger train from Chicago, which ran into the rear of an excursion train bound for Indianapolis via the Lake Erie and Western.

Reports by long distance telephone from Chesterton were to the effect that four or five persons were killed and more than twenty injured.

Owing to the isolation of the place definite reports were difficult to obtain. Conflicting reports were given by the few persons that could be found to talk about the wreck. The number of casualties was given all the way from two injured to five dead and twenty injured.

As a Family Medicine

Lots of suffering would be avoided and much serious disease prevented if every family did as the writer of this letter suggests.

He has found out from experience with many medicines that there is nothing so good as Dr. A. W. Chase's Kidney and Liver Pills as a family medicine for biliousness and constipation. Such diseases as Bright's disease, diabetes and appendicitis almost invariably arise from neglect to keep the liver, kidneys and bowels regular.

This emphasizes the wisdom of keeping Dr. A. W. Chase's Kidney and Liver Pills constantly at hand.

MR. WM. PALARDY, 146 Summer St., Central Falls, R. I., writes: "I think Dr. A. W. Chase's Kidney and Liver Pills most excellent as a cure for biliousness and constipation. We would not think of being without them in the house as a family medicine. I have used many medicines but none ever suited my case so well."

Warning a Serpent.

"Down in Bermuda," said a Chinaman, "I heard Mark Twain make a speech about snakes to a group of little girls."

"The speech was great. The only trouble was that the little girls could not appreciate it. It flew over their heads."

"I remember the humorist's conclusion."

"Never warn a serpent in your bosom," he wound up. "It is far easier to warn it by phasing it under the pillow of an intimate friend."

Preserved Currants.

I asked the waiter at a hotel in Paris to find out how the currants which were served with soft cream cheese and bread for dessert were cooked. To my surprise he informed me that they were not cooked at all. The large red and white currants were simply covered generously with sugar and let stand three days, the result being delicious. They should be served very cold.—Good Housekeeping.

WHILE PLAYING A HYMN.

Church Organist Is Stabbed to Death by a Lunatic.

Charlotte, N. C., Sept. 14.—A special from Newton says that Miss Willie Bullinger, nineteen years old, was stabbed to death by Lon Rader, aged twenty-one, while seated at the organ, playing the closing hymn at Sunday school. Rader leaped suddenly across several benches, and with his pocket knife, stabbed her once in the back and twice in the breast. She died almost immediately.

Some months ago he was committed to the state asylum, and in his ravings mentioned Miss Bullinger's name. Recently he was discharged from the hospital as cured. In jail, later, Rader said he had killed the girl because she was a witch.

Child Burned to Death.

Pomeroy, O., Sept. 14.—A can of oil standing near the stove in the kitchen at the home of John G. Roush, in Mason county, West Virginia, exploded and as a result one child was burned to death and Mr. and Mrs. Roush and three other children were probably fatally injured. The house was entirely consumed.

Boy Severely Burned.

St. Paul, Sept. 14.—Joseph Crevenick, seven years old, living with his parents at 903 Armstrong street, was terribly burned while playing with a bonfire, and if the burns do not prove fatal it will be because of the timely and heroic action of Mrs. A. Sommerhauser. As the boy appeared on the street with his clothing on fire Mrs. Sommerhauser, with no thought but that of trying to save the boy's life, quickly removed her skirt, and winding it around the frantic boy, extinguished the flames.
